Colour .....	Ponceu 4 R

Easy to use hand rub effective against germs including bacteria, yeast, fungi and viruses..

Superior antimicrobial action with excellent skin compatibility and emollience. \* Kills 99.99% of most illness causing germs.

## Directions for use:

Use undiluted:

A) For Rapid hand Antisepsis

Dispense 3-4 ml of L-Hygiene™ 3 to moisten hands and fingernails. Thoroughly spread on both hands and rub into skin until dry for 30 seconds.

B) For Surgical Hand Antisepsis:

Dispense 6 ml of L-Hygiene™ 3 on hands and forehands for 5 minutes giving particular attention to the fingertips and area around nails.

C) For Pre-operative Skin Antisepsis

Apply L-Hygiene™ 3 on pre-operative skin area (to be treated) and allow to dry (upto 30 sec) before procedure. Repeat the procedure 2 to 3 times for optimum results.

## WARNINGS

Flammable. Keep away from fire or flame.

For external use only.

Keep out of reach of children.
